

Outline of Evening

Please meet at TCBC at 6:30pm on Friday, November 23rd.

We will walk to Evangel Hall Mission as a group.

Upon arrival we will be given a tour of the building and a description of the programs and services offered.

Following our orientation to the Mission we will then have the opportunity to hear first hand from a Resident of Evangel Hall Mission that has experienced homelessness and their personal journey.

After hearing one person's experience with homelessness we will then spend the next 3 hours participating in a Street Walk, experiencing what life looks like on the streets of the city.

We will return to Evangel Hall Mission around midnight for a time of debriefing and discussing what we have observed thus far in our experience. We will spend some time talking about homelessness and discussing what we can do.

During the evening we will also each participate in a service component which could include stocking shelves in the Food Bank, sorting clothing, or helping to prepare and/or serve breakfast in the morning.

We will spend the night at Evangel Hall Mission set up like the Out of the Cold Program, by sleeping on mats on the floor.

Those of us who are not helping to serve breakfast will go home around 7am.
