

Mark and Anita's

EVERYDAY ENCOUNTERS

Praise

- God is bringing Norm home to rejoin his family
- Our disciples are growing in the Lord
- Received an accurate diagnosis for Mark's foot

Pray

- For Mark's foot to heal
- Pray for Albert, Camille and Simon as we continue discipleship
- Norm and Michelle as they reintegrate as a family while Norm self quarantines for 2 weeks. They will be moving into their own home

Not such beautiful feet!

Please pray for healing for my foot. I got the MRI results back yesterday and it turns out I have a bruised bone, damaged tendons along with inflammation, so the doctor ordered me to use an air cast (big boot) and to continue using crutches for 2 more months. I've been hobbling around on crutches already for 3 months but it would not heal because it wasn't in a cast. He said there's a lot going on in my foot. I am thankful to finally know what is wrong. It has been discouraging but I know how to deal with it now.

Michelle, Gracie, Aria and Martin are looking forward to Norm coming back within a couple of weeks as soon as he is able to get his permit renewed. It's been four months of being away from his family! Pray for him to get this document and a flight home. He will run the factory remotely while in Canada. Pray for direction for their next steps.

I have a new international student, Simon, whom I'm discipling besides Albert. These two young men are very different, yet are asking good questions about the Bible and how to grow in faith. At times they are lonely, being isolated from friends/family.

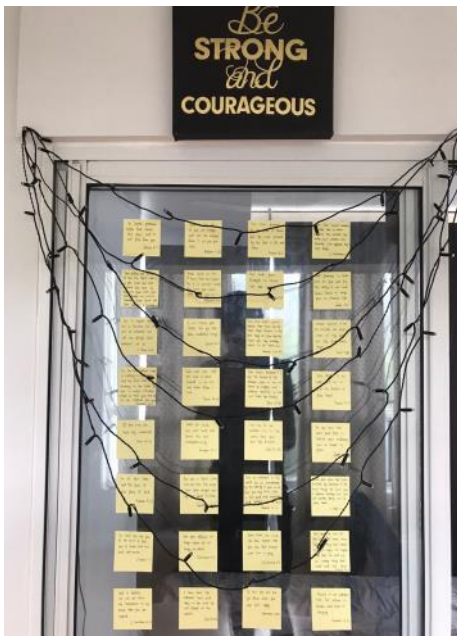

Anita is happy to report that Camille, in Curacao with her family, is showing evidence of spiritual discernment as she distinguished between a large, popular, prosperity gospel church, which her friends want her to attend, and the real thing. She knows the right one to choose.

Michelle's kids hope to see their daddy soon, after 4 months of separation!

VBS with Yvonne & Rich's kids

Verses Albert is committing to memory!

Disciple-makers from all professions bringing God's love to life in the world's least-reached marketplaces.
